

Safeguarding For Education

Safeguarding and implementation of the PREVENT strategy

Overview

Experts in the field have designed this unique advanced workshop in line with the government's Prevent Strategy. The workshop will help equip you and your organisation to manage issues relating to safeguarding, extremism and radicalisation, and comply with the Prevent Duty.

The workshop will cover a variety of key topics including some of those listed below:

- Safeguarding, updates, lessons learned.
- Online Safety with Safety Net, the key issues.
- Your responsibilities under Prevent Duty
- What you and your organisation MUST do
- Discussing an extremist's journey
- Teaching and Learning Academy input to embed strategies via continuing professional development.

We have designed this workshop to share learning and facilitate the effective implementation of Safeguarding strategies in accordance with the Prevent duty. There will be opportunities to discuss issues with the presenters.

Objectives

The session will give participants the opportunity to:

- Build on the participant's existing understanding of Prevent and the Prevent Duty
- Provide an opportunity for learners to appreciate the learning from real life case studies.
- Further equip educational establishments to better discharge their responsibilities.
- Provide a safe environment to discuss, and debate the issues of radicalisation and extremism
- Understand the changes of the threat.
- Learn from experts who have worked for years in counter terrorism, safeguarding and radicalisation.
